  - Dedicated quality check system to achieve precision.

## JASPN SERVICES & CAPABILITIES:

- Highly compatible and experienced engineers, programmer, machine operators and QA staff.

JASPN Founder - Nupesh Makodia  
BE Mechanical Engineer, MBA

Marketing Head - Shashikant J  
B. Com

Engineer Head - Nitin Makodia  
BE Mechanical Engineer

Finance & Account Head -  
Gopal Laiya; B. Com

QA-QC Head – Sonu Prasad  
B-Tech Mechanical

Floor Manager & Programmer -  
Sohan B; Dip. Mechanical Eng.

- Able to source, stock and manufacture components/parts in many materials, such as mild steel, stainless steel, steel alloys, duplex, titanium, brass, copper, aluminium and engineered plastics for various industries.

## JASPN SERVICES & CAPABILITIES:

### ➤ Inhouse Machines:

- 1 x CNC Machine; Job Piece Capacity - Dia 165 mm x 200 mm L
- 3 x CNC Machine; Job Piece Capacity - Dia 200 mm x 300 mm L.
- 3 x CNC Machine; Job Piece Capacity - Dia 300 mm x 500 mm L.
- 2 x VMC Machine; Job Piece Capacity - 800 mm W x 500 mm L x 500 mm H (Z-axis).
- 1 x Drill Machine; Job Piece Capacity – drill up to 50 mm hole.
- 1 x Automatic Cutting Machine; Job Piece Capacity – Up to Dia 300.

## JASPN QUALITY ASSURANCE:

- We believe in the quality with precision right in the first instance and selling not only machined components/parts, but also our reputation.
- The company has a tracking system for every batch of order placed by our customers. Our quality inspection department comprises of all essential QA instruments and the latest equipment from Mitutoyo.
